March 2024 Summarized

- ❖ Major arrivals were Byadgi / KDL, Dabbi, Syngentha 5531, Indo-5, and Syngentha 2043.
- ❖ Compared with last year, arrivals are 60 % more.
- ❖ Compared with last year, arrivals from December to March have increased by 50%.
- ❖ Still lot of farmer produce is at farm's and cold storage nearing full capacity.
- ❖ Hubli area organic Byadgi/KDL is still arriving and it will continue till April end.
- ❖ There was little rainfall during 5th week of march which we receive every year during Hooli festival, But this year rainfall was very low. So no impact on crops.
- ❖ Dry Chilli Bubble has bursted - From last 4 years farmer's were getting good return hence area was increased drastically, with no damage due to weather, yield has come out good. Coming year area may decrease.

March SpiceExtra Updates:

For the past 5 years we have been making a yearly magazine for branding of Dry Chillies. This year we be will doing magazine named “Colors of Byadgi Chilli” which will be launched on Independence day 15th August 2024

The aim of the magazine will be to elaborate on the importance of Byadgi Chilli in Pickles, Curry powders, famous chef’s recipes, food coloring, Cosmetic products, Pharmaceutical, etc.

ನಮ್ಮ ಬ್ಯಾಡಗಿ, ನಮ್ಮ ಹೆಮ್ಮೆ!
हमारी ब्याडगी, हमारी शान!
Our Byadgi, our pride!

Opportunity for IPM Byadgi Chilli

The Hubli area is known for growing Byadgi chilli in a traditional organic way. This chilli always gets premium pricing due to lower yield but higher quality. But this year due to over flooding from irrigated area, this chilli is trading at very low prices and this has made farmer economic viability unsustainable hence they are not selling.

So if any Spices company is looking for IPM chillies they should use this opportunity for its Europe and USA markets. Presently we are working with leading export house, you can connect us at BasuHampali@gmail.com
